

Metal Retractable Reel for badge

Total: €33.00

Unit: 100 rewinders

- Easy to use
- Lower prices for higher orders
- A wide range of options to help you choose the optimal badge lanyard
- High quality
- Reel badge holder

Ideal for attaching your badge to a belt, this retractable badge holder has been specially designed for carrying heavier objects.

Extremely sturdy, **this reel badge holder** ensures maximum security to your badges in any environment (factory, construction sites, etc.). It is mainly used in **harsh or hazardous environments** where access badges are either inserted or displayed to the card reader.

This **retractable reel badge holder** is chrome-plated on one side and black on the other, and comes in a casing that measures 40mm in diameter. It has a thickness of 1cm and weighs only 38g. It is provided with a 65 cm retractable cord. This reel badge holder comes with a badge lanyard or a key ring.
