### **Declared value envelope: security first and foremost**

This **tamperproof plastic money bag** has many **security points** that will ensure that your funds transit in maximum security:

- **Numérotation séquentielle** **A pre-printed flap:** It enables you to define the content of the declared value and the total amount that it contains in detail and in a clear, visible manner . Thus, no fraud is possible.
- **VOID security closure:** Any possible tampering will be visible automatically due to "OPENED VOID" marking displayed on the high performance security adhesive.
- **A numbered detachable stub:** The sequential numbering enables to authenticate and identify the envelope for the declared value at any moment of the transfer

process, thus making it impossible to exchange envelopes in transit.

- **A traceability barcode:** In addition to the sequential numbering, the barcode enables the tracing of the envelope and helps to minimize the loss of risks
- **The security seals on the sides:** Patterns printed on the side seals will make it impossible for a fraudster to cut the edge of the envelope and reseal it after removing the contents.

### Your tamper proof plastic money bag can be customized

From 1,000 envelopes ordered, it is possible to request for customization. You can then choose:

- **The size.** All your requests are feasible and achievable, from the smallest (60x100mm) to the largest (700x700mm) envelope.
- **The seal type.** You can select between a:
  - *Mixed sealing with safety message*  
Wide but not very thick, this seal will let you write the safety message of your choice, making it impossible to cut and re-seal the sides of the envelope
  - *Sealing by thermosealing*  
Flat and wide, this type of seal leaves a very smooth and clean appearance.
  - *Fine seal*  
Very fine and clean, this seal has a discreet and aesthetic appearance. Its fineness enables you to maximize the usable space of the envelope.

- **The print design.** You can print images, logos, additional barcodes (up to 13 digits) or any other design of your choice with a choice of 9 different colors (four-color printing + 5 Pantone colors).
- **The detachable stub.** You can duplicate the detachable stub in 1,2,3 copies or more, on request.
- **Wad of bank notes.** You can select to insert a wad of bank notes and duplicate them in 1 to 3 copies (one for the sender, one for the bank, one on the envelope)
- **The pre-cut opening.** Simplify the opening of the declared value envelope for the recipient by adding a pre-cut to your envelope.
- **Bottom gusset.** If you wish to transfer a bulkier wad of bank notes using the envelope, opt for a bottom gusset which will increase its capacity.

- **Material.** You can choose between transparent polyethylene, opaque polyethylene or recycled polyethylene as per your requirements. You can also decide its thickness.
- **Wrists.** You can decide whether you want to include handles for your pouch for easy transport and handling.
- **The security tag.** To maximize the safety and security of your shipments, your envelope for declared value can be supplemented with a security tag, Prooftag, authentication system via a standard software. Contact us for more information.
